

Eibner, M., Pittlik, S., Meyer, A., and G. Begemann. 2008.  
An organizer controls the development of the "sword," a sexually selected  
trait in swordtail fish.

**Evolution & Development 10: 403-412.**

**Please note that you I am not permitted to post the Blackwell  
Publishing PDF version of the Article online.**

**I will however be happy to send you a free PDF upon request.**
